

ANTI-BULLYING PLAN 2022 (October)

Tullimbar Public School

Bullying behaviour has three key features. It involves the intentional misuse of power in a relationship. It is ongoing and repeated, and it involves behaviours that can cause harm. The NSW Department of Education requires all NSW public schools to have an Anti-bullying Plan which details the strategies implemented to reduce student bullying behaviours.

Resources

The NSW anti-bullying website (see: <https://antibullying.nsw.gov.au/>) provides evidence-based resources and information for schools, parents and carers, and students. Schools are encouraged to visit the website to support whole-school prevention, early intervention and response approaches and strategies for student bullying behaviour.

Tullimbar Public School's commitment

Our school rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive and respectful learning community that promotes student wellbeing. Executive staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

1 School culture and inclusion

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff will actively respond to student bullying behaviour.

Our school engages in the following practices to promote a positive school culture.

1.1 Student assemblies

Student bullying and expectations about student behaviour will be discussed and information presented to promote a positive school culture where bullying is not accepted.

Dates	Communication topics
Week 1 Each Term	Behaviour code for students and 'Upstander' presentation
Daily	Positive behaviour examples K-2 and 3-6
Fortnightly	Assemblies which focus on positive behaviour topics
March	National Day of Action Against Bullying

2.2 Communication with parents

Our school will provide information to parents to help promote a positive school culture where bullying is not acceptable and to increase parent's understanding of how our school addresses all forms of bullying behaviour.

Dates	Communication methods and topic
February	Parent meeting i.e P&C, parent/teacher night - Defining student bullying and school supports
March	School website school Facebook and/or school newsletter - Bystander behaviour
March	Upstander social media, assembly and P and C resources

3 Support for wellbeing and positive behaviours

Our school's practices support student wellbeing and positive behaviour approaches that align with our school community's needs.

Social and emotional skills related to personal safety, resilience, help-seeking and protective behaviours are explicitly taught across the curriculum in Personal Development, Health and Physical Education (PDHPE).

Examples of other ways our school will embed student wellbeing and positive behaviour approaches and strategies in practices include the following.

Cultural programs for all students including Aboriginal and Torres Strait Islander students to ensure cultural safety.

Signage of the core values of the school (resilience, persistence, organisation, getting along and confidence) and what it means to be an 'upstander'.

School based protocol and scripts provided to staff to communicate bullying, or suspicions of bullying to families, and resources for families to support children engaging in bullying behaviour.

School counsellor and school chaplain support as recommended through the learning and support team.
