

21 September 2023

Dear families

Knowing what is important to our families and students is key for us to support students learning and wellbeing.

To explore this further, I am pleased to announce an exciting project our school is working on with the Student and Parent Experience team from the Department of Education and Woolcott Research and Engagement, our partner independent engagement specialist.

The purpose of the project is to better understand what is important to our school community and how we, as a school community can work together.

### **How our families can be a part of the first phase of the project?**

We are starting off this work with a collaborative workshop between parents and teachers to jointly develop a future vision for the school. Most of the time will be spent working in small groups of 8-10 with an experienced facilitator.

If you would like to be a part of this exciting and valuable work for our school and students, please use this link [Tullimbar Public School 2023 Sign Up – Woolcott Research](#) to express your interest.

Participants are limited to 30 and will be randomly selected by Woolcott Research and Engagement, our partner independent engagement specialist.

### **Details for the collaborative workshop**

- The workshop will take place on **Tuesday 17<sup>th</sup> October 2023** from **6 - 8.30pm**.
- Food and refreshments will be provided.
- Childcare will also be provided at the school for those who need it.

Our team look forward to working with you on this very important and exciting piece of work for our school and students.

Belinda Wallace

Principal  
Tullimbar Public School
